### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the claims as supported by the specification differs from the prior art in that it does not teach (a) a process for dressing a saw blade whereby the blade is rotated on a spindle and a laser beam ablates the edge portion of the blade and (b) a process for reworking a saw blade whereby the blade is mounted on a spindle, rotated and feed into a laser beam to remove an edge portion of the blade.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
